FOR IMMEDIATE RELEASE

Allen Corporation of America Awarded Human Capital and Training Solutions (HCaTS) Contract

On May 9, 2016 Allen Corporation of America was notified that we were awarded a contract in HCaTS Pool 1, Professional and Management Development Training. The HCaTS program is the result of a new partnership between the Office of Personnel Management (OPM) and the General Services Administration (GSA) to jointly award and administer a new strategically sourced contract vehicle designed to enhance Federal Government agency workforce productivity and effectiveness. This contract is in keeping with the Office of Management and Budgets (OMB) move toward “Category Management” which create category management strategies that make federal procurements more efficient and cost effective.

HCaTS is a Multiple Award Indefinite-Delivery-Indefinite Quantity (MA-IDIQ) task order contract that calls for an ordering period of 10.5 years (5-year base, one 5-year option period, and one 6-month option period), plus an additional 5.5 year period to allow for task order completion. HCaTS supports various types of contracts to include firm-fixed price (FFP), time and material (T&M) and cost plus fixed fee (CPFF).

Through HCaTS delegated contracting authority all federal agencies are able contract directly with Allen Corporation of America to obtain a wide-range of customized training and organizational performance improvement products and services. HCaTS was a very competitive procurement. For the unrestricted contract GSA received 80 proposals and made 33 awards for Pool 1 and 39 awards for Pool 2, Human Resources Consulting Services. For more HCaTS information please visit www.allencorporation.com.
